SUPREME

The newly developed ELMAG SUPREME bridge saws for professional and semi-professional use meet the highest requirements in terms of equipment, ergonomics and precision.

As transportable construction site equipment with a powerful 2.2 kW drive motor, SUPREME products easily cut granite and marble slabs, brick, natural stone and concrete blocks up to cutting depths of 85 mm (135 mm in reverse cut).

STONE CUTTING MACHINE SUPREME 100S - SET

Our recommendation:

For very hard tile and porcelain stoneware formats, use the newly developed DiaProfi flash diamond disc for porcelain stoneware.

As standard:

- Laser cutting display
- 2-wheel set

Options:

- Additional table
- Longitudinal stop
- Mounting clamps
- Handle for motor
